

ATF980 SOFTWARE FUNCTION SHEET

Employee Management

Department management

Staff Management

The screenshot shows a software interface titled 'Archives' with a timestamp of 'Monday 2007/3/12 16:41:3'. It features a 'Department list' tree on the left with nodes: 'Default Co.Title', 'New name', 'New name2', and 'New name3'. The 'New name3' node is selected. To the right is a 'Staff list' table with columns: serial, NO., DepName, Name, Sex, Duty, Diploma, Nation, Birthday, Card, and Phone. The table contains one row: serial=1, NO.=1, DepName=New name3, Name=wangyong. Above the table are buttons for 'Add', 'Transfer', 'Laid-off', 'Leave off', and a 'Query' button with a search input field. A checkbox 'Query in current table' is also present. Below the table are tabs for 'Basic info', 'Other info', 'Import\export photos', and 'Attendance setting'. At the bottom, there are dropdown menus for 'Sex' and 'Nation', and a 'Prompt' button.

Staff Information management

The screenshot shows the 'Basic info' tab of the staff information management interface. It includes several input fields: 'Style of no.' with value '2*', 'Width of Wildcard??*???' with value '4', 'From' with value '1' and 'to' with value '12', and a field with value '20001'. There is a checkbox 'Copy shfit and attendance setting' which is unchecked. A 'Choose field to copy' dialog box is open, showing a list of fields: '[Name]', '[Duty]', '[Qualifications]', '[Sex]', '[Nation]', '[Team]', and '[Birthday]'. The '[Name]' field is selected in the list.

HARD WARE FUNTION SHEET:

- Supporting MP3 music playing, Picture Advertisement Playing, 1 GB SD card
- ARM 9 Unique Technologies, High Speed, More Reliable
- Camera built-in, 8 inch Color Screen
- Data Transport protocols: TCP/IP、Wigind 26、RS485/232、USB

- Combination with Proximity card, Fingerprint, Password identification
- Multi-language: English, Simple Chinese, Traditional Chinese, Korean, on Menu of machine
- High capacity of fingerprint users
- 1:N ways of identification
- machine embed shift arrangement and statistics function, access control
- 23 keys key board, 10 number keys, 6 function keys(for different IN and Out), 7 operation keys
